Insurance Claim File

Claim Number: CLM-2026-1048

Policyholder: Green Valley Retail LLC

Date of Loss: February 12, 2026

Incident Description: A water pipe burst overnight causing extensive damage to inventory and interior fixtures.

Claim Amount: \$145,000

Investigation Findings: The adjuster determined that the damage was caused by freezing temperatures. Inspection records indicated that the property owner had failed to maintain minimum heating requirements specified in the policy.

Policy Exclusion Referenced: Section 7.2 excludes coverage for water damage resulting from failure to maintain adequate heating during freezing conditions.

Decision: Claim denied.

Rationale: The policyholder did not comply with heating maintenance requirements. Therefore the loss falls under the exclusion described in Section 7.2.
